McNamara Bros, Inc.
492 Depot Street
North Harwich, MA 02645

Dear Mr. McNamara,

I would like to take this opportunity to thank you and McNamara Brothers for the picturesque landscape work completed at the Chatham Middle/High School grounds.

As we embarked on this project your experience came to the forefront as we reviewed our plans. The suggestions you made resulted in financial savings to the cost of the project. Once an agreement was reached on the proposal, we felt confident we had the commitment from you to complete the project within our timeline with professional results.

The opening of school came and with it came our staff and students. Everyone marveled at how beautiful the campus looked. We continue to receive positive feedback from the parents and members of the community.

We cannot wait for Spring to see our new lawn and plantings come to bloom. We appreciate your assistance in helping to bring School Pride to a new level.

Sincerely,

Mary Ann Lanzo, Ph.D.
Superintendent of Schools
