Dear Chris:

We are very pleased to offer our endorsement of your company.

We have worked on various projects together over the past 20 years and without exception, you have been on the job when you were scheduled, you completed all work on schedule, and there has always been harmony with the other trades working on the job at the same time.

We appreciate your assistance in working out the details of planting during the proper season, and helping select appropriate alternative plantings when the specified stock is not available.

We look forward to a long future relationship with your firm.

Very truly yours,

  
Christopher M. Lynch,  
President
